- Become Certified Peer Educator (CPE)

Become a Peer Health Educator

Peer Health Educators are a student-led club on campus who volunteer their time, ideas and energy to educate their fellow students about health issues, such as; nutrition, physical activity, high-risk alcohol and drug use; sexual assault prevention; stress management techniques; sexual health and good sleep. Peer health educators educate their classmates in a positive, interactive, fun, and nonjudgmental manner.

Key Tasks and Responsibilities

- Attend bi-weekly one-hour planning/training meetings (will vary per quarter based on class schedules)
- Design, organize and participate in campus-wide awareness activities
- Design and present outreach programs every quarter
- Update and design brochures, posters, and rack cards on various health topics
- Assist with the planning and implementation of Condom Mania, Sexual Assault Action Week, and various late-night programs.
- Volunteer minimum of 20 hours per quarter.
